

## *The Workshops – have your say!*

---

**Prof. Adam Read**  
**Hyder Consulting**

Date: 26th November 2007

Venue: Business & Industry Consultation Event,  
Millennium Stadium, Cardiff

# *The Workshop Themes*

- Workshop A: The Need for Facilities
- Workshop B: The Technology Options
- Workshop C: The Appraisal Process
- Workshop D: Planning Issues

## *Workshop A*

- The Need for Facilities (facilitated by Victoria Bond)
  - *What are the aims of the regional waste plans?*
  - *Why does Wales need facilities?*
  - *How many facilities?*
  - *What are the partnership opportunities?*
  - *Can we manage 'mixed' waste streams?*
  - *Self-sufficiency?*

## Workshop B

- The Technology Options (facilitated by Euston Ling)
  - *What types of technology are being considered?*
  - *What are the preferred technology combinations?*
  - *Are there other Technologies to consider?*
  - *Specific waste streams and their suitability for treatment?*
  - *Planning implications of certain technologies?*

## Workshop C

- The Appraisal Process (facilitated by Sarahjane Widdowson)
  - *How were the preferred options derived?*
  - *Were the assumptions correct?*
  - *Were the weightings right?*
  - *What about the LCA & SEA conclusions?*
  - *Do you agree with the HIA findings?*
  - *Are the options right?*

## Workshop D

- Planning Issues (facilitated by Kate Heath)
  - *Where should the facilities go?*
  - *What do you think of the Areas of Search maps?*
  - *Are the restrictions right?*
  - *Is there a difference for open and enclosed facilities?*
  - *What are the right types of site?*
  - *Who should decide on planning applications?*
